

TKRC

TEACHING KITCHEN
RESEARCH CONFERENCE

2026

SEPTEMBER 23-24, 2026 | HILTON BOSTON BACK BAY | BOSTON, MA

SPONSORSHIP OPPORTUNITIES

[Teaching Kitchen Research Conference \(TKRC\)](#) is the leading forum for researchers, educators, and students to present original research, share innovations, and identify best practices for the replication and scaling of effective teaching kitchen models. This fourth TKRC builds on the strong momentum of the 2018, 2020, and 2022 Conferences, which collectively engaged over 3,000 participants globally and showcased more than 200 peer-reviewed abstracts. The 2026 TKRC is an event produced and hosted by the [Teaching Kitchen Collaborative \(TKC\)](#).

The TKC also hosted the Teaching Kitchen Symposium in 2024 and 2025, convening professionals across healthcare, academia, corporate wellness, and community settings to explore teaching kitchen implementation, education, and practice. Together, these gatherings have established a robust platform for advancing the field and strengthening the Food Is Medicine movement. Sponsor levels for the 2026 TKRC are summarized below and are outlined in detail on the following pages:

SPONSOR LEVELS	FEE
Platinum Sponsor (Limit 3)	\$17,500
Gold Sponsor	\$15,000
Silver Sponsor	\$10,000
Bronze Sponsor	\$5,000
Friend of the TKRC	\$2,500

Limited and thoughtfully selected to align with our mission, TKRC Sponsors gain meaningful visibility, showcase innovative products and services, and engage directly with a passionate and multidisciplinary audience. Educational grants are also welcome. All commercial support is managed in accordance with ACCME standards to maintain the integrity and independence of CME-accredited activities.

"I attended as a sponsor and hearing the sessions and speaking with attendees helped me understand how I can better serve them as they are stretched so thin. Things as simple as sending ingredients or resources feel like a light lift and not that helpful from my end but can be put to great use."

- 2025 Symposium Sponsor Attendee

SPONSOR BENEFIT SUMMARY

“I have strong evidence that teaching kitchens improve health outcomes that I can take to leadership to make a case for more funding and support for our teaching kitchen. I made amazing connections to others working in this space that I know I can call upon when questions arise.”

- 2025 Symposium Attendee

“The Symposium overall was such a great reset. It has made me more intentional with my practice and it was great to see so many like minded professionals ready and willing to support others. I am highly recommending this Symposium to my team and hope for continued presence in the upcoming years.
